

Economic Impact of AP1000® Fleet in Poland

During construction (20 years), a six-unit AP1000 fleet would support:

PLN 118.3B
in GDP

204,990
person-years
of employment

PLN 52.3B
in labor income

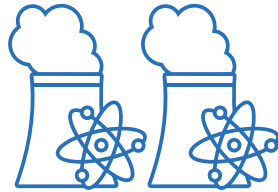

PLN 50.9B
in tax revenue

During operation, a six-unit AP1000 fleet would support:

PLN 38B
in GDP annually

+16,000
jobs annually

PLN 6.1B
in labor income

PLN 16.4B
in tax revenue

During 60 years of operation, a six-unit AP1000 fleet would support:

PLN 2.2T
in GDP

+16,000
jobs annually
over three
generations

PLN 363B
in labor income

PLN 981B
in tax revenue

Each AP1000 built in the region could support:

Nearly PLN 2B
in GDP

+3,000
person-years of
employment

PLN 800M
in labor income

PLN 800M
in tax revenue
