# Welcome

# PWROG Reactivity Management Working Group

## Welcome!

Welcome to the PWROG Reactivity Management Working Group (RMWG)! The PWR Owners Group (PWROG) consists of 1,800 members representing utilities that own a combined 180 Pressurized Water Reactor-designed nuclear power plants all over the world.

You are joining a friendly group of utility representatives where you'll help drive resolution to generic industry issues.

You will find that the PWROG members are very welcoming to new members. We really want to help you be comfortable and successful in your new role.

Please contact me or Chad Holderbaum sometime early in your new role for a high-level briefing of current activities and an overview of your responsibilities if you feel it would be beneficial.

Thanks, Norm

Norm Austin, Southern Nuclear Company

Chairman of the PWROG Reactivity Management Working Group

# Frequently Asked Getting Started Questions

# I have a generic issue at my plant or an idea for a PWROG project. How do I engage the PWROG to potentially address my issue or idea?

**A**. There are multiple ways to get your issue or idea heard! The easiest way is to discuss your issue or idea at the next committee or working group meeting or contact your Chairman or Program Director.

#### When are the meetings?

A. The <u>meeting schedules</u> are available on the home page of the PWROG website.

#### How do I learn more about how things work?

A. Attending the meetings and participating on issue specific Core Teams is the best way to learn more about the PWROG. The website also contains <u>computer</u> <u>based training</u>, and governing documents such as the <u>PWROG Charter and</u> <u>Operations Manual</u>.

#### How do I Find Specific Information on the Website?

A. All Committees and Working Groups have <u>pages</u> which can be accessed by the Committee Information drop down on the home page header. Here you'll find meeting materials, letters issued to the committee or working group and project information.

#### Do you still need help?

A. <u>Open a ticket</u> or contact your Committee or Working Group Program Director or Chairman.
