

Ron Timperio

CHIEF OPERATING OFFICER AND EXECUTIVE VICE PRESIDENT, GLOBAL OPERATIONS

Ron Timperio is Chief Operating Officer and Executive Vice President, Global Operations Services. In this role, he oversees global supply chain, global engineering, manufacturing and other technical capabilities that provide support to the business units.

Prior joining Westinghouse in April 2024, Mr. Timperio was Chief Operating Officer at PDC Machines, which manufactures diaphragm compressors and commercial hydrogen fuel stations. Mr. Timperio has 30 years of experience in manufacturing operations, supply chain management, environmental, health and safety and quality control. Additionally, he has nearly 20 years of leadership experience at General Electric within its aviation, transportation, industrial solutions and energy services – including nuclear energy – business lines.

Mr. Timperio earned a bachelor's degree in Mechanical Engineering from California State Polytechnic University and a Master of Business Administration (MBA) from the University of La Verne.
