Stacey,

Yes, our office concurs with the eligibility recommendations for the archaeological sites as not eligible.

Subject: RE: Westinghouse Columbia Fuel Fabrication Facility (CFFF) Revised Draft Cultural Resources Survey , Richland County

Hi Elizabeth,

Just to clarify, does this mean that the archeological sites are also not eligible and SHPO concurs with that determination?

From the previous letter:

“The survey identified five new archaeological sites (38RD1512 – 38RD1516) and recommends that they are not eligible for the listing in the National Register of Historic Places (NRHP). To assist in our evaluation, please address how the Pre-Contact components of sites might be related to Green Hill Mound (38RD0004) and other prehistoric sites in lower Richland County. “

We can discuss if that is easier. I’m free today until about 2:30pm.
